INAUGURATION CEREMONY ON SAMARPAN BOTANICAL SOCIETY – 2024

Our college successfully organized the inauguration of the Samarpan Botanical Society along with tree plantation activity. The event was graced by our esteemed chief guest, Dr. Archana Mankad Retired HOD of Botany Department Gujarat University. She inaugurated the society by cutting the ribbon, followed by a tree planting ceremony, where students, NCC cadets, NSS volunteers, and faculty actively participated in planting several trees in the botanical garden. She encouraged students to actively participate in the society activities and provided valuable guidance on how students can contribute to various projects, suggesting ways to integrate their academic learning with practical experiences.
