

SAMARPAN SCIENCE AND COMMERCE COLLEGE

Faculty Development Program – AI Tools for Teaching

Samarpan Science and Commerce College organised an FDP on “Use of AI Tools in Teaching”, which was conducted by expert Mr. Partho Pandya, an expert in Cyber Security and Artificial Intelligence.

The three-hour session focused on making teaching more efficient and engaging through the effective use of AI tools. Mr. Pandya demonstrated practical ways in which simple AI commands can simplify various teaching-related tasks and enhance classroom practices.

The FDP was highly informative, interactive, and enriching, providing valuable insights into the effective integration of AI in education.
